

Pacific Broadband Networks exhibits at the **8th FTTH Conference** and is pleased to invite you to this High-Quality Industry Event in Italy. The doors to the fabulous Milano Convention Centre are open on **9 & 10 February 2011** to welcome you!

The event is the largest Fibre-to-the-Home event in the world. **PBN is proud to be member of both the European and AsiaPacific FTTH Council.** This year's European conference will gather once again the major actors within the Fiber to the Home market. The topic is focused around **“Creating a Brighter Future”**, all the details of the **programme** being [detailed here](#).

The two-day FTTH event will enable participants to **meet with industry experts** and learn about the newest solutions from the industry leaders, about the latest success stories and about the **latest market studies**, both on the European and International level.

As a **member** we have the pleasure of **offering you a discount** of more than 20% on the entrance fee (€ 350 instead of € 450). Simply enter the promotional code **“mil2011”** when you register online: <http://www.ftthconference.eu>

We look forward to welcoming you!
