PBN Officially Releases Bilingual English & Chinese Website

Melbourne, Australia, 9 March 2010 - PBN is pleased to announce the release of its' new Bilingual English and Chinese website. The modern website can be accessed via the global site www.pbnglobal.com, www.pbn.com.cn or www.pbn.com.au.

The bilingual website is designed to be more user friendly for both English and Chinese audiences. The visitor can choose which language the content should appear in by making a simple selection from the drop down box at the top right hand corner of either website. The English and Chinese content is virtually a mirror image of the other and focuses on quick and easy access to information about products, solutions, support, company, news and contacts.

The new bilingual English and Chinese website further complements PBN's fresh new look. Please tell us what you think about the new bilingual English and Chinese website by completing the website feedback form, which can be accessed at the bottom of the website.

About PBN

PBN is a leading supplier of products and technology solutions for Service Operators looking to leverage their existing cable network and protect their investment, while they gradually migrate to RFoG (Radio Frequency over Glass) and FTTH (Fibre to the Home).
